SHAIK SONALISHA

INTEGRATED MTECH, CSE

+91 9346700326 | Tirupati, Andhra Pradesh | shaiksonalisha774@gmail.com | LinkedIn

SUMMARY

Motivated and adaptable professional with a proactive mindset, strong work ethic, and excellent communication skills.Passionate about leveraging data-driven insights to solve complex problems and support informed decision-making.Equipped with a solid academic foundation and hands-on experience in machine learning and data analysis.

EDUCATION

Vellore Institute of Technology **Aug 2021 - June 2026**
Integrated M.Tech in Computer Science Engineering CGPA: 8.22

PROFESSIONAL EXPERIENCE

Virtusa - Technology Intern **Aug, 2025 - Present**

- Contributed to the development of a full-stack web application using Angular, Spring Boot, and MySQL, focusing on building scalable and maintainable system components.
- Developed and optimized REST APIs, handled complex database interactions, and implemented secure authentication workflows, improving application reliability and performance.
- Technologies: Angular, Spring Boot, MySQL, REST APIs, Spring Security, HTML, CSS , OAuth2

PROJECTS

Liver Disease Prediction

- Developed a machine learning model for liver disease prediction using Logistic Regression and Random Forest for accurate classification.
- Performed data preprocessing, feature engineering, and model evaluation (accuracy, precision, recall) to improve performance and reliability.

Text Summarization

- Implemented text summarization using a BERT transformer model to generate concise and context-aware summaries.
- Fine-tuned the model on domain-specific data and evaluated performance using ROUGE scores to improve summary quality and relevance.

LLM Powered Database Assistant

- Built an end-to-end Generative AI Text-to-SQL RAG chatbot that converts natural language queries into SQL to enable non-technical users to interact with databases.
- Integrated Google Gemini with MySQL, leveraging ER diagrams and Ragas evaluation to deliver accurate, data-driven insights across domains like retail, healthcare, and finance.

TECHNICAL SKILLS

Languages: Python, SQL, Java
Data Analysis & Visualization: Databricks, Data Warehousing, Power BI, Tableau, Matplotlib
AI Workflows: Langflow, Prompt Engineering, RAG
Project Management & Methodologies: Agile (Scrum), SDLC, JIRA
Other Tools: Git, GitHub, Postman, REST APIs, Figma

CERTIFICATIONS

Microsoft Certified - Azure AI Fundamentals - 2024
