Summary

Computer Science graduate with an Integrated M.Tech degree from Vellore Institute of Technology (VIT), with hands-on experience through internship and academic projects. Strong foundation in Java, DBMS, Operating Systems, Computer Networks, and Data Structures. Passionate about developing efficient software solutions and solving real-world problems.

Education

Vellore Institute of Technology, Vellore **June 2021 – July 2026**
Integrated M.Tech in Computer Science and Engineering *CGPA: 7.42/10*

Narayana Junior College, Tirupati **May 2019 – March 2021**
Intermediate Education *CGPA: 9.40/10*

Sri Venkateshwara Children's High School, Tirupati **June 2018 – April 2019**
Secondary School Certificate (SSC) *CGPA: 9.3/10*

Relevant Coursework

- Operating Systems
- DBMS
- Machine Learning
- Computer Networks
- Cloud Computing
- Data Structures & Algorithms

Work Experience

Virtusa Consulting Services Pvt. Ltd. **Aug 2025 – Jun 2026**
Intern – Technology *Remote, India*

– Contributed to the development of a Secure eStatement Processing and Transaction Management System.

– Implemented user registration, login, and validation features using MySQL and REST APIs.

Microsoft Corporation **June 2024 – July 2024**
Intern — Microsoft Azure AI *Vellore, India*

– Acquired practical knowledge of Microsoft Azure AI Services and cloud-based AI technologies.

– Explored cloud-based AI tools and integrated Azure AI services for various real-world use cases.

Projects

Banking Management System | ***Java, Spring Boot, MySQL, REST APIs***

* Developed a banking management system for account management and transaction processing.
* Built REST APIs and integrated MySQL for secure data storage.

Face Recognition Attendance System | ***Python, OpenCV***

* Designed a face recognition-based attendance system to automate attendance tracking.
* Used OpenCV for face detection and recognition with real-time processing.

Crime Analysis Against Women Using ML | ***Python, ML, Data Analysis***

* Performed data preprocessing and visualization to analyze crime patterns against women.
* Built ML models to predict crime trends based on historical data for preventive measures.

Technical Skills

Languages: Java, Python, C, C++, SQL
Tools: Git, Docker (basic), AWS, Linux (basic)
Core Concepts: DBMS, Operating Systems, Computer Networks, Data Structures and Algorithms, Object-Oriented Programming
Soft Skills: Communication, Teamwork, Problem Solving, Time Management
Languages Known: English, Telugu, Hindi

Certifications

– **Microsoft Certified: Azure AI Fundamentals**
